To whom it may concern

It is my pleasure to recommend BIRUK REDAIE ADANE for the scholarship position in your higher educational institution. He has been a student of HILLSIDE school beginning from his nursery days up to this year (2015/16 academic year) where he completed grade twelve. In my long management career, he is one of the best disciplined high school students with such a genuine and focused interest in education and such a clear aptitude for it. In his stay at our school, he was highly committed to his educational career.

He has exceptional qualities including playing tennis that make him stand out from other students. He is ambitious, optimist, dedicated and has the mastery of solving challenging problems. I found him especially responsible in handling, managing and organizing group works. His enthusiasm and energy have been matched over the years with discipline that is remarkable in someone of his age. He is also an active participant in different school clubs (like science and community clubs) and extracurricular activities. He has great leadership qualities that also bring the full potential of people working around him.

Besides, it is worth mentioning his remarkable personality. He has impressive interaction with students in the academic and social affairs. Given the opportunity I sincerely believe that he will bring his unique energy, optimism, passion and tireless creativity to your institution. Strongly recommending his admission in your institution, I would like to assure you that he would be successful in his future career.

If you have any question regarding this recommendation, please feel free to contact me via my e-mail address osmanfenta@mail.com

Yours sincerely

Osman Fenta
