"We are dedicated to Innovative Knowledge"

20/DEC/2023

TO WHOMSOEVER IT MAY CONCERN

I am writing this letter with an experience of 20 years in research and teaching. Presently, I am working at Adama Science and Technology University, Adama, Ethiopia as an Assistant Professor in the department of Computer Science and Engineering. I am keen to suggest study for higher education and inspire to contribute to the enhancement of status and quality of the respective developing countries. It is my great pleasure to recommend Fidel, for admission and scholarships in your esteemed organization. I have known Fidel for 4 years at Adama Science and Technology University in Computer Science Engineering department. During that time and I taught her subjects like Data Mining, distributed systems, databases and AI. I watched Fidel grow into an outstanding individual who excels in both her academic and personal pursuits. As Fidel's teacher and adviser, I witnessed her extraordinary ability to quickly understand advanced Computer concepts and then adeptly apply them to real world situations first hand. As evident from her academics, Miss. Fidel has been an extraordinarily bright student and has maintained a consistently good academic record. She has completed her Undergraduate courses from the top ranked Universities of Ethiopia which indicates her compassion for studies and to achieve the best available opportunities. Fidel academic accomplishments are rivaled only by her personal strengths. Her compassion and charisma are beyond her years and she is well-loved by her peers, as well as all those who had the pleasure of teaching her. Whenever any of her fellow students are having a difficult time or feeling down, she never fails to step in with an encouraging word and a smile. I highly recommend you accept Miss Fidel for admission and scholarship in your esteemed Organization. I am confident she will make an excellent addition to your university community. And wish her success in her future endeavors and a very good career. Please feel free to contact me if you have any questions regarding her character or past academic work at (251)904433041 or gktiruvedula@gmail.com.

A handwritten signature in blue ink, appearing to read "T. Gopi Krishna".

Yours sincerely,

Dr. Tiruveedula GopiKrishna, Ph. D. Assistant Professor, Dept. of CSE, Adama
Science and Technology University (ASTU), Adama Ethiopia,
