COLLEGE OF ENGINEERING
MECHANICAL ENGINEERING DEPARTMENT

Ref.No.: ASU/MECH/737/10

Date:- 25/10/2010 E.C

To whom it may concern

I am very much pleased to give this recommendation letter in favor of BENJAM HALLU who successfully completed his/her study at Assosa University under Engineering College From **Mechanical Engineering Department** in the academic year 2010/11 E.C.

During his /her stay all necessary courses with total ECTS of 301(credits hours of 185) including **Holistic Examination** have been given to him/her that enabled him/her to work in the area of engineering and others related areas. He/she has good exposure of working within the community through community based Education during academic stay.

Academically he/she is hard working, self-motivated and diligent in his /her study and on time. I trust he/she will bring a difference in the area of his/her field of study especially in **MANUFACTURING ENGINEERING**.

I am confident enough in BENJAM HALLU that he/she will shoulder, duties and responsibilities he/she will be assigned to handle. On behalf of myself and my school, I confirm that the candidate fits both professionally and socially in to working environment.

I, therefore sincerely recommend the candidate as a productive employee hoping you let the candidate a chance to join your organization/institution.

Please feel free to communicate the school for any inquiry you need regarding the candidate.

I wish BENJAM HALLU all the best in his/her further endeavor.

With regards
