

Dear Admissions Committee,

I am writing to express my strong interest in the Master's Degree program in Architecture and Heritage at the University of Napoli Federico II. As an aspiring architect with a passion for preserving cultural heritage, I am excited about the opportunity to contribute to the field through advanced studies and research.

Allow me to introduce myself. My name is Liben Solomon, and I hold a Bachelor's Degree in Architecture from Addis Ababa Science and Technology University. Throughout my undergraduate studies, I developed a deep appreciation for the intersection of architecture, history, and cultural identity. I am particularly drawn to the challenges of preserving historical buildings and urban landscapes while adapting them to contemporary needs.

Here are some highlights of my academic journey and relevant projects:

1. Residence Design:

- As part of my coursework, I worked on the design of a sustainable residential complex that seamlessly integrated modern living spaces with historical architectural elements.
- I focused on optimizing spatial layouts, energy efficiency, and community engagement. I emphasized adaptive reuse techniques to breathe new life into existing structures while respecting their heritage value.

2. School Design:

- During my internship at [Architectural Firm], I contributed to the redesign of an aging school building. Our goal was to create an inspiring learning environment that honored the school's history.
- I worked closely with educators, students, and local authorities to address functional deficiencies, enhance natural lighting, and incorporate interactive spaces. The project emphasized sustainability and inclusivity.

In addition to my academic achievements, I have compiled a comprehensive portfolio that showcases my design skills, technical proficiency, and commitment to heritage conservation. I have attached the portfolio to this email for your reference.

Why the University of Napoli Federico II? I am drawn to your institution's reputation for excellence in architectural education, its emphasis on interdisciplinary research, and its location in a city rich with historical and artistic treasures. I am eager to learn from esteemed faculty members and collaborate with fellow students who share my passion.

My long-term goal is to contribute to sustainable urban development by preserving our architectural heritage. I believe that the Master's program at your university will equip me with the knowledge, skills, and global perspective needed to achieve this vision.

Thank you for considering my application. I look forward to the opportunity to contribute to the vibrant academic community at the University of Napoli Federico II. Please find my contact

information below, and I am available for an interview or any additional documentation you may require.

Sincerely,

Liben Solomon
