To Whom It May Concern

It gives me great pleasure to write this letter of recommendation in support of **Mr. Eyob Gutema Megersa**. I have known **Mr. Eyob Gutema Megersa** since September 2019 as an undergraduate student at the Department of Mathematics, Addis Ababa University.

I taught him three undergraduate courses: **Calculus I, Modern Algebra I and Introduction to Research Methods in Mathematics** and his performance in all the three courses were very good.

I found him very good in capturing new concepts and his motivation in achieving objectives by his is excellent. He is very strong in Mathematics fields and he has the capacity and motivation to learn and apply what he learned.

Mr. Eyob Gutema Megersa has a very good personality, cooperative attitude and take his duties seriously and can work and live with people from different culture and background. As a person, he is highly reliable person with emotional stability and considerable confidence in himself.

Given all these very good qualities and personal behavior, I, therefore, strongly recommend him without any reservation for the position he is applying for.

Do not hesitate to contact me, if you have any question about **Mr. Eyob Gutema Megersa**.

Sincerely,

Tilahun Abebaw (Ph.D)
Associate Professor of Mathematics

Department of Mathematics

Addis Ababa University
