Dear Admissions Committee,

I had the pleasure of teaching **Aron Gmedhin H/Mariam** in his 12<sup>TH</sup> grade English class at Dandii Boru School. Aron surprised me with his ability to be articulate about difficult concepts and texts, his passion for reading, writing, and creative expression- both in and out of the classroom. Aron is a talented creative writer, and he has my highest recommendation as a student.

Aron is gifted at distinguishing the subtleties within literature and the intentions of authors' works. He produced an exemplary speech on motivation, when called upon to give speech in front of his peers; Aron spoke freely and confidently. Outside the classroom, he is a friendly student. He is also a born leader, an insightful, sensitive, and deeply self-aware individual driven to explore art and writing.

Throughout the year Aron was an active participant in the classroom, and this school being situated in a 3<sup>rd</sup> world country, that's a rare attribute. His personality allows him to work well with others in a team, as he always respects others' opinions even when things heat up sometimes. When we held a class discussion about different topics, he always stood up to speak and mention valid points. Throughout the year, Aron demonstrated all these good qualities as a student.

I am certain that Aron is going to continue to do great and be creative in his future. I highly recommend him for admission to your undergraduate program. He is talented, intuitive, dedicated, and focused in his pursuits. Aron consistently seeks out constructive feedback so he can improve his creative skills, which is a rare and impressive quality in a high school student besides Haymon is truly a stand-out individual who will impress everyone he meets.

Sincerely,

Mr. Anteneh Nigatu
