TO WHOM IT MAY CONCERN

I have great pleasure in writing this testimonial in favor of Mr. Matasabia Degife. I have personally known for two years as the student's teacher –physics at Angacha Secondary and Preparatory School, Ethiopia. I have taught him physics at grades 11 and 12 .I have found him a very hard working and industrious .His understanding in concepts of physics is quite good. He falls in the top 5% in class of about 60 students.

During my relationship with Matasabia I have experienced an individual who shows up earlier than asked, works hard, and carries themselves in polite, good moral character. Matasabia is a devout student who has always presented themselves with level headiness and grace.

In conclusion, I am confident that he will thrive in any academic program that he choose to pursue. He has my highest recommendation .Should you have any questions, you can feel to contact me by email:tesfamarks2013@gmail.com

With regards,
