

Dear Admissions Committee,

I am writing to express my strong interest in the Engineering Management program at the University of Perugia. As an aspiring student with a passion for engineering, I believe that this program aligns perfectly with my academic and career goals.

Achievements: I am proud to have scored well in both the **IELTS** and **TOLC I** exams. Additionally, being among the top 100 highest-scoring students in the university entrance exam demonstrates my academic excellence.

Academic Background: During my high school years, I excelled in mathematics and physics, which laid the foundation for my interest in engineering. I am confident that the Engineering Management course will provide me with the necessary skills to bridge the gap between technical expertise and effective leadership.

Why Engineering Management?

1. **Holistic Approach:** Engineering Management combines technical knowledge with business acumen. I am eager to learn how to optimize processes, manage projects, and lead interdisciplinary teams.
2. **Problem-Solving:** My passion lies in solving complex problems. Whether it's designing efficient systems or streamlining operations, I am committed to making a positive impact.
3. **Innovation:** I believe that innovation is at the heart of engineering. By studying Engineering Management, I hope to contribute to groundbreaking solutions that address real-world challenges.

Why the University of Perugia?

1. **Reputation:** The University of Perugia is renowned for its excellence in engineering education. I am impressed by the faculty's expertise and the university's commitment to fostering innovation.
2. **Interdisciplinary Environment:** I look forward to collaborating with students from diverse backgrounds. The opportunity to work on joint projects with business students and engineers excites me.
3. **Location:** Perugia's rich history, vibrant culture, and picturesque surroundings make it an ideal place for academic growth.

Career Aspirations: Upon completing the Engineering Management program, I aim to work in project management, where I can apply my technical skills to drive efficiency, enhance productivity, and lead successful ventures. Whether it's in renewable energy, manufacturing, or technology, I am eager to contribute to sustainable development.

In conclusion, I am committed to academic excellence and personal growth. I am confident that the Engineering Management program at the University of Perugia will equip me with the knowledge and skills needed to thrive in the dynamic field of engineering.

Thank you for considering my application. I look forward to the opportunity to contribute to the University of Perugia's academic community.

Sincerely,

KIDUS HAILEMARIAM FEREDÉ
