Subject: - Recommendation Letter to Mr. Liben Solomon

I am writing this letter to recommend Junior Architect Liben Solomon W/Giorgis for your esteemed company or institute. As his instructor and department head, I had the opportunity to witness him work ethics and tremendous potential that would enable him to succeed in his professional career. I distinguished him after he submitted an exceptionally well researched and I advised on project titled "Better Treatment Approach Regarding Alcoholism". He ranked as a top 5% of graduating class male students of 2020/2021 A.Y.

Liben Solomon was our student and graduated in the department of Architecture at Addis Ababa science and Technology University. His performance was excellent, a top student from his male batch. Thus I don't have any doubt on his capability to succeed in any architectural design and planning professional activity or postgraduate study.

Besides his academic performance and dedication, Liben Solomon was also a member of the Architecture club with great participation and activity in his term of service. He was a very cooperative, humble and courageous student, highly appreciated by his colleagues.

Therefore, I feel very confident to recommend him without any reservation to compete in any professional, academic or practical institutions for construction related works. I wish all the best in his future career. If I can be of any further assistance, or provide you with any further information, please do not hesitate to contact me mesfinalemu.wondimu@aastu.et.

With regards,

Wondimu, Mesfin Alemu

Head, Department of Architecture

P.O Box 16417
