

Application for Environmental Engineering Program

Dear Admissions Committee,

In the intricate ballet of engineering and the environment, I discovered my true calling—forging a sustainable alliance between technology and nature. As a recent graduate in Construction Technology and Management from Ethiopia, I am thrilled to express my unwavering commitment to environmental stewardship through this letter.

Key Components of My Motivation:

1. Passion for Sustainability:

- My journey has been fueled by a genuine love for our planet. I envision a world where environmental engineering isn't just a profession but a passionate commitment to Mother Earth's well-being.

2. Practical Experience:

- During my studies, I actively participated in construction projects, emphasizing sustainable practices. From optimizing resource utilization to minimizing waste, I've witnessed the impact of conscious engineering decisions.

3. Future Impact:

- Looking ahead, I aspire to contribute to a more resilient world. Whether designing eco-friendly structures or implementing renewable energy solutions, I am ready to make a difference.

Thank you for considering my application. I eagerly await the opportunity to immerse myself in the dynamic field of environmental engineering at the University of Marche.

Sincerely,

Abdela Weyo
