## Recommendation Letter

### To Whom It May Concern

**Ms. Sara Woldeyohannes Gutta:**

It gives me great pleasure to write this recommendation letter in favor of Ms. Sara Woldeyohannes, a talented and dedicated female graduate, for any future opportunities in the field of computer science. Sara recently graduated from Dire Dawa University with exceptional academic achievements, ranking as the top scorer in computer science program. Her drive, intellectual curiosity, and strong analytical skills have allowed her to excel in the rigorous computer science department. She has consistently displayed a deep understanding of complex concepts and an ability to apply them creatively to solve real-world problems.

Sara is not only an exceptional student but also an outstanding role model for her peers. Her achievements have inspired and empowered other female students to pursue their passion for technology and actively participate in the field. She has been involved in coding competitions, hackathons, and mentoring programs, consistently demonstrating her enthusiasm for expanding her knowledge and supporting the development of others. Her leadership skills, teamwork abilities, and dedication to fostering an inclusive and supportive community make her an exceptional candidate for any future opportunities.

I strongly recommend Sara to you without reservation for any future endeavours in computer science, whether it is pursuing further education, conducting research, or pursuing a career in the industry. Her unique perspectives, problem-solving abilities, and determination are an exceptional individual with an immense potential to excel in the rapidly evolving world of technology.

If you have any further questions with regard to her background or qualifications, please do not hesitate to contact me.

With kind regards,

## To Whom It May Concern

### Letter of Recommendation to Ms. Sara Woldevohannes Gutta

It is my pleasure to write a recommendation in support of the application to Ms. Sara Woldevohannes Gutta who is a BSc. graduate in computer Science from the School of Computing Department of Computer Science, Dire Dawa university Institute of Technology.

I know Ms. Sara Woldevohannes Gutta for about four years as a lecturer in the Department, I thought her one Major Course called Compiler Design which she scored "A+" grade, and I have been her Mentor for a year. During these times, I found her as one of the outstanding students of her batch in applying the knowledge he grasped in theory in to practice. She was active participant in the classes. Her efficiency was more revealed during the team work project I gave and the exam components she obtained in the course. And as a Dean, she is the Top Scorer of the School of Computing graduates in the year of 2015 E.C. She was also known for her high dedication to her works, kindness and the respect she gives to her lecturers.

I understand that Ms. Sara Woldevohannes Gutta is applying for vacant position posted or Masters education by your esteemed organization related to her field of study. I believe that Sara Woldevohannes Gutta is destined to be a tremendous, diligent and dedicated person. Therefore, she is an Excellent candidate for your organization.

I recommend that you consider her application, as she would be a tremendous asset for your company and has my recommendation. Wishing her all the best in her future endeavor, if you need further information, please do not hesitate to contact me.

### Letter of Recommendation

As the Department head, a lecturer and project advisor, I have had a pleasure of knowing *and teaching Ms. Sara Woldeyohannes Guta* from 2012 – 2015 E.C. During her stay; she has been one of my best students who owned a tremendous knowledge on the discipline. She is a dependable and an innovative woman who has been appreciated with her dedication and superior written and verbal communication skill. Especially she has a good initiation and interest in Artificial intelligence field.

Throughout the year *Ms. Sara* was an active participant in our school, and she always supported her peers. She also doing a good and very interesting class project work in Artificial Intelligence entitled as “**Medical Diagnosis System**”. And final Project work entitled as “**Academic position competition Evaluation system**”. Her caring nature and personality allow her to work well with others in a team setting, as she always respects others' opinions even when they differ from her own.

In general, I can say without any reservation that her combination of intelligence, and commitment, creativity and compassionate character will certainly make her a valuable member of any institution. I encourage you to look favorably upon her application. If you have any questions regarding this recommendation, please do not hesitate to contact me.

Finally, I would like to thank you on behalf of Dire Dawa University for all your cooperation and consideration that you make for *Ms. Sara Woldeyohannes*

Sincerely,
