Letter of Recommendation

Sele Enat Charitable Organization is an indigenous, not-for-profit, non-governmental organization that was established in 2002 G.C. with an objective of playing a significant role on the ongoing effort to improve the lives of vulnerable and less privileged community members in Ethiopia. Sele Enat is engaged in institutional care for orphaned children, foster care, community based child-family support (sponsorship), care and support for children with disabilities, women empowerment and other projects since its establishment.

Sele Enat would like to appreciate and acknowledge **Zimra Endashaw Beyene** for her dedicated volunteerism and services she rendered from June to August 31/2022. She has put in her spare time and effort in our charitable organization to make our work a success.

Zimra Endashaw Beyene has been a never-ending support to our organization. She has made a difference to the lives of many children in our organization. She has been mainly engaged in tutoring children, arranging stores and fund rising activities in our institutions.

Our organization, therefore, would like to thank **Zimra Endashaw Beyene** for her considerable contribution as a responsible citizen to her community. We are very grateful and we wish her all the best in her future endeavors.

With Kind Regards,

Tewabe Mehari
R/M/V/Coordinator
