Date 19/01/09

**TO WHOM SO EVER IT MAY CONCERN**

Beteseb Academy is a private independent school which offers learning opportunities through age appropriate activities conducted in English speaking atmosphere. Our Academy's program is based on the belief of the entire three curriculums. i.e. the written, the hidden and the extra curriculums must always be considered in order to teach the whole child.

The academy is giving services in educational programs from preschool to pre-college.

We would like to confirm that **Yisehak Tilahun** was attending our academy from **2006 - 2016**. Having first hand knowledge of **Yisehak's** character, we also like to inform that he has no discipline problem. That is his conduct is at **"A"** level. Thus, I strongly encourage you to consider him for your support.

With best regards,

*Dawit Alelign*

Principal
