Subject: Recommendation letter

I am very much grateful and pleased to write this testimonial letter to SULEIMAN MOHAMMED who is one of the most outstanding, motivated and energetic students that I have ever come across through my stay in the department. His/her untiring and heartfelt initiation to understand the subject matter and class active interaction is highly acknowledged and appreciated. He/she has remarkable ability to exhibit logical thinking, analyze problems at hand and give pragmatic solutions to them. In addition, I was also able to give my witness for his/her great potential to relate his/her theoretical knowledge to the actual phenomena in the real world.

Other than his/her strong academic and analytical capability he/she had a good interpersonal communication with his/her colleagues and instructors and is sociable in character. Therefore, I undoubtedly believe that he/she indeed has untapped potential to pursue further studies and of any position in he/she is qualified. I would like to extend my appreciation in advance for any support you provide him/her.

With regards
