### TO WHOM IT MAY CONCERN

It is a great pleasure for me to recommend Nèbyu Daniel Assefa for admission in your program. I taught Nebyu n my 11<sup>th</sup> grade math class and she is the top of my class. he has an aptitude for math and has proven himself as an efficient, independent learner with an inquiring mind, pursuing knowledge of the subject beyond regular class assignment and tests.

A respectful and responsible individual, Nebyu displays great commitment in his undertakings, both academic learning and non-academic aspects. Despite initial difficulties, she perseveres on without allowing the situation to undermine her learning and understanding. Eventually understanding advanced concepts, outside academic life, Nebyu was an active member in the community and enthusiastic participant of numerous school events.

Nebyu is a well-manned student with a pleasant disposition and kind heart. His sincerity and kindness won his respect among his peers. The maturity and positive attributes he displays leads me to believe that he will achieve great success in his future undertaking. I sincerely hope that you will consider his application favorably.

Yours sincerely,

Mr. Addisalm Teklu

Mathematics Teacher
