Letter of Recommendation

It is a true pleasure for me to write this letter of recommendation to **Mr. Zemed Biyazn Abebe**, my student in the Department of Medical Laboratory Science, College of Health Science, Debre Tabor University From 2019- 2020 G.c. I found him a conscientious, hardworking, and enthusiastic student in my classroom and practical session. He has demonstrated a solid educational background and remarkable laboratory experimentation and processing ability.

Being his instructor and research advisor, I have taught him many professional courses and I have got several opportunities to know him closely. Thus, **Mr. Zemed** has exhibited a real sense of commitment to his profession and has demonstrated excellent interpersonal relationships. For all I know, he is a very intelligent, meticulous, hardworking, and conscientious person who can get through difficult circumstances. Moreover, he is disciplined, cooperative, sociable, enthusiastic, and ready to take on any responsibilities.

Hence, I am delighted to recommend him for any post in the area of biomedical research, diagnostic practices, and teaching which requires the ability to handle problems, create team spirit, and manage resources; I am sure enough that he will address all his responsibilities properly. Considering his excellent background knowledge and skills, dedication, I am confident enough that he can be involved and work in any situation with absolute confidence. I wish him all the best and success in all his future endeavors.

Please do not hesitate if you need additional information about **Mr. Zemed Biyazn Abebe**.

Sincerely,

Dr. Bekele Sharew (Ph.D. in Micro Biology)
