To whom it may concern

I am pleased to recommend Nebyu Daniel Assefa, for the Undergraduate program. Nebyu has been a student in many of my classes during the past two years, so I have learned a great deal about his and his abilities, and I know he would do well if given the opportunity to continue his education.

Nebyu's determination to succeed has led him to excel in my classes. He consistently gets excellent marks on his homework and tests, and he participates in class regularly.

Compared to the other students in class, Nebyu's grades have always been the best. This has led other students in his classes to ask him for help if they do not understand a lesson..

During the years I've known him, Nebyu has worked to greatly improve his own confidence in his abilities. When students in his own classes began asking him for assistance, his confidence truly began to soar, and it only continues to improve.

Due to his knowledge and great aptitude for learning, Nebyu would be an excellent student for the program.

Any opportunity and support, given to his application is much appreciated in advance.

Sincerely,

Mr. Ewnetu temesgen Eba
Biology teacher/BSC/
