Re: English Language Competence

This is to certify that Tesfalem Woldemichael Kiros was our student. He has been at LCCS from grade 9-12 for 4 academic years. According to the Ethiopian Ministry of Education curriculum, in the lower grades (grades 1-6), English is given as a subject; While in the junior and secondary schools (grades 7-12), English is the medium of instruction; all subjects except Amharic are given in this language.

Thus, Tesfalem, who attended the senior secondary school grade level in this school, was taught the various subjects at different grades in the English language.

I therefore, would like to confirm that, Tesfalem was an excellent student in both written and oral English and will not face difficulties in communicating and understanding courses that would be offered in English at the tertiary levels.

While writing this testimony, I am wishing him all the best in all his future academic studies.

Sincerely yours,

Abera Temesgen

Academic director
