To: Whom it may Concern

Subject: Letter of reference

I am writing this letter of reference on behalf of **Mis Halewat Abebe** who was one of my outstanding students in undergraduate classes and a very great distinction graduate with a cGPA of 3.81 out of four in 2022. She has excellent biotechnology both theoretical knowledge and technical skills. **Mis. Halewat** is among a top 1% student with excellent English language and unique **analytical** skills. Professionally, she is an independent researcher with excellent professional ethics, intellectual potential, creativity, team spirit and highly motivated young female as witnessed in her senior project.

Considering her achievements in the courses I have delivered (immunology, pharmaceutical biotechnology and medical biotechnology) in which she has scored an "A" grade, it is of my unreserved recommendation to your graduate program or any job related to her area of specialization in virtue of her commitment and future expected contribution to science. Furthermore, I will be along with her for all information as a referee as well as sharing my experiences in science inland and abroad. For any further information about her academic background, please do not hesitate to inquire any time.

I wish her the best of Luck.

With Regards,

Musin Kelel (PhD Molecular Medicine)
