Subject: Recommendation letter

I have known **Amanuel Merga Sima** for the past three years of having served his in teaching English at Bashewam primary and secondary school. I believe that Amanuel would be an excellent addition to our institution. Amanuel is a bright and attentive young man, in a class and in his work. He demonstrates that he is an intelligent and capable student with great potential. I am confident that he will thrive in any academic program that he chooses to pursue.

I am convinced that Amanuel would make a more than valuable contribution to your institution /university, both inside and outside of the class.

Sincerely

Tesfaye Hayimanot
