## To Whom It May Concern

Date: December 29, 2020

This letter of recommendation is written in favor of **Bereket Lemenh. Mr. Bereket** was one of my students in Addis Ababa University Institute of Technology, School of Chemical and Bio Engineering, doing his BSc. Degree in chemical and bio engineering for five years.

He was my student in class of Biochemistry and Molecular Biology. He had great results and I was able to notice that he had a good affection to knowledge. His ability to work independently and cooperate with others, desire to know new technologies and understand and create new ideas makes his a special student.

I highly recommend **Mr. Bereket** that you consider his application, as he will be a great asset to your program. I'm sure you will find him to be a hard working person whose talents will only shine further through your program.

If you would like further information, please feel free to contact me.

Sincerely,

Dr. Solomon kiros

School of Chemical and bio Engineering
