**To whom it may concern**

I write this letter in support of Kidus Yakob's application for your school's scholarship. I had the pleasure of teaching him English in the 12<sup>th</sup> grade in Lideta Catholic Cathedral School. He has always impressed me with his ability to do difficult activities in such sort time.

During his senior year, Kidus produced an extraordinary essay on his high school life, in which he did an amazing job. When called upon to give his presentation in front of his peers, he spoke clearly and thoughtfully, responding to all questions from his peers in an informed manner.

Throughout the year Kidus was an active participant in our discussions, and he always supported his peers. His caring nature and personality allow him to work well in a team, as he always respects the opinions of others.

I feel confident that you will see what I see in kidus and strongly encourage you to consider him for this scholarship. You can contact me with any questions that you may have at [birhanetekelayofficial@gmail.com](mailto:birhanetekelayofficial@gmail.com)

Regards,

Birhane Teklay

English Teacher

**To Whom It May Concern**

I am very pleased to recommend Kidus Yakob for admission to your university program. As his guidance counselor for 4 years, I have watched this young man develop both academically and personally into a mature individual ready in every way for his college years.

Lideta catholic cathedral school, which he has attended, is one of the most prestigious educational institutions that has successfully prepared students for the national examination with a 100 percent pass rate admitted to higher learning institutions. Kidus is one of the students with an academic background and great performance.

Kidus is a vigorous student and has a good relationship with teachers and workers found in the school community. Throughout his academic period, kidus used his free time to participate in extracurricular activities like joining as a member of our school's social concern club, interact club, IT club, STEAM club, and sports club.

It's clear to me as I hope it is to you that this young man, is one of the best candidates that would contribute greatly to any program. I, therefore, believe that he would be a great asset to your institution. If you need more information, please contact me through email at abbateklelccs@gmail.com. sincerely,

Sincerity.

Tekle Mekonnen (Ph.D.)

Counsellor

To Whom It May Concern::

Kidus Yakob Belaineh was a student at Lideta Catholic School from 2017/18- 2020/21 Academic year. G- 9- 12

Kidus has asked for a fee waiver and insight of his background we would like you to know that the financial status of his family wouldn't let him afford the stipulated sum of money. Because of this problem, he is not able to pay the application fee. Hence, I would like you to consider waving his application fee.

Your assistance in this matter would be highly appreciated.

**To Whom It May Concern**

Kidus Yakob has been a student at Lideta Catholic Cathedral School, which I have had the honor of having. With his positive approach on learning and outstanding ability to take any subject and turn it into an engaging educational project, Kidus has been more than just an average student.

It also gives me great pride to report that Kidus has not only met but also beyond the academic standards that were set for him at Lideta Catholic Cathedral School, which is well-known for its demanding academics. He consistently gets excellent marks on his tests and his knowledge of fundamental programming languages is excessive and beyond the courses that are included here.

During the years I've known him, Kidus has worked to greatly improve his own abilities. This improvement is what made me write this recommendation in the first place.

Due to his knowledge and great aptitude for learning, Kidus would be an excellent student for your school.

Sincerely,

Rediet Asfaw  
IT department head

**To Whom It May Concern**

This is to certify that Kidus Yakob Belaineh was our student from the years 2017/18- 2020/21 for four academic years (Grade 9-12). According to the Ethiopian Ministry of Education curriculum, in the lower grades, (grade 1-6) English is given as a subject, while in the junior & secondary schools, i.e, grade 7 - 12, English is a primary medium of instruction; and all subjects except Amharic are given in this language.

Thus, Kidus as a student who has attended senior grade levels in this school was taught the various subjects of the curriculum in the English language.

I, therefore, would like to confirm that, Kidus was excellent in both written & oral English & won't face difficulties in communicating & understanding course that could be offered in English at tertiary levels.

While writing his this testimony, I am wishing him all the best in all his academic careers in future studies.

Sincerely,  
  
Abera Temesgen  
Academic Director
