Letter of Recommendation

I feel very happy to write this letter of recommendation to Abenezer Teshome Tosiso who is graduated in Information system from the collage of Computing and Informatics, Wolkite University. I came to know Abenezer Teshome Tosiso while he was studying Information System for his B.Sc. Degree. I also got the chance to have a close look to him since I am assigned to deliver a course.
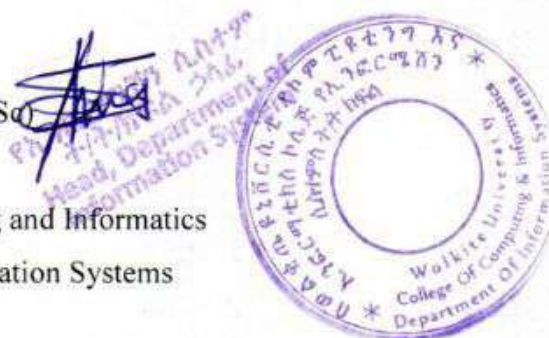

As I observed him from the time, I know him I found him as a motivated, capable and hardworking person, who takes his responsibilities seriously and does a good job. Overall Abenezer Teshome Tosiso is intelligent and has a good analytical skill. He showed aptitude and willingness to update his knowledge and skills that might make him a true professional. He fits in to the organizational and team tasks very well, and, brings in a sense of purpose and objectivity to whatever he does.

As personal level, Abenezer Teshome Tosiso is well disciplined, industrious person with a pleasant personality. His contact and character have been excellent throughout my contact period. Considering his already proven talent and skills, I wholeheartedly and strongly recommend him, without any hesitation.

Therefore, I sincerely believe that he will contribute a lot for his country particularly for the surrounding community in sharing his knowledge and skills. If I can be of any further assistance or provide you with any further, please do not hesitate to contact me.

With regards;
